

accountancy and financial management pdf

Financial accounting (or financial accountancy) is the field of accounting concerned with the summary, analysis and reporting of financial transactions pertaining to a business. This involves the preparation of financial statements available for public consumption. Stockholders, suppliers, banks, employees, government agencies, business owners, and other stakeholders are examples of people ...

Financial accounting - Wikipedia

Management accounting information differs from financial accountancy information in several ways: . while shareholders, creditors, and public regulators use publicly reported financial accountancy, information, only managers within the organization use the normally confidential management accounting information
