Systems theory was one field of study that played a significant role in the development of communication theory. Up until the time that Bertalanffy, Wiener and others developed systems and cybernetics theories, much of the focus in human communication studies had been on language, linguistics and semiotics.

### **Chapter 3 - Communication theory**

Communication can be: 1. Verbal communication which requires language. A language is a system of arbitrary signals, such as voice sounds, gestures or written symbols which communicate thoughts or feelings 2. Non verbal communication, which does not need language to exchange ones thoughts. Silence is the best example.

### **What Are The Important Aspects Of Communication**

2 CHAPTER 1 The Essentials of Human Communication. Preliminaries to Human Communication. Human communication consists of the sending and receiving of verbal and nonverbal messages between two or more people. This seemingly simple (but in reality quite complex) process is the subject of this book, to which this chapter provides a foundation.

### **The Essentials of Human Communication - Pearson**

Gestures such as eye contact, body movement, and hand gestures are also part of interpersonal communication. The most common functions of interpersonal communication are listening, talking and conflict resolution. Types of interpersonal communication vary from verbal to non-verbal and from situation to situation.

### **PSYCHOLOGICAL PERSPECTIVES ON INTERPERSONAL COMMUNICATION**

Seven major elements of communication process are: (1) sender (2) ideas (3) encoding (4) communication channel (5) receiver (6) decoding and (7) feedback. Communication may be defined as a process concerning exchange of facts or ideas between persons holding different positions in an organisation to achieve mutual harmony.

## **7 Major Elements of Communication Process**

When we speak about differences in communication between cultures we use the word culture in this second sense. With culture we refer to all the activities that a group of human beings have in common and that they have learned from previous generations, their parents and grand parents.

Social system " The Social system includes the various aspects in society like values, beliefs, culture, religion and general understanding of society. It is where the communication takes place.

### **INTRODUCTION TO COMMUNICATION - Architecture UoN**

The everyday view of communication is quite different from the view of communication taken by communicationscholars. In the business world, for example, a popular view is that communication is synonymous with information. Thus, the communication process is the flow of information from one person to another (Axley, 1984).
