Spader Business Management

Overview. The administration of a business includes the performance or management of business operations and decision making, as well as the efficient organization of people and other resources, to direct activities towards common goals and objectives. In general, administration refers to the broader management function, including the associated finance, personnel and MIS services.

Business administration - Wikipedia

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...
