There is no shortage of challenges in school education. Some of the biggest challenges we face can appear frustratingly intractable. Despite reform efforts, regular government reviews and ongoing calls for change,

progress in addressing our most significant challenges is often slow and solutions continue to elude us.

“Big five”™ challenges in school education - Teacher

Educational equity, also referred to as equity in education, is a measure of achievement, fairness, and opportunity in education. The study of education equity is often linked with the study of excellence and equity.. Educational equity depends on two main factors. The first is fairness, which implies that factors specific to one's personal conditions should not interfere with the potential of ...
