

educational administration and management pdf

Educational administration is a discipline within the study of education that examines the administrative theory and practice of education in general and educational institutions and educators in particular activities. The field ideally distinguishes itself from administration and management through its adherence to guiding principles of educational philosophy.

Category: Educational administration - Wikipedia

Academic administration is a branch of university or college employees responsible for the maintenance and supervision of the institution and separate from the faculty or academics, although some personnel may have joint responsibilities. Some type of separate administrative structure exists at almost all academic institutions, as fewer and fewer schools are governed by employees who are also ...

This study was motivated by the premise that no nation grows further than the quality of its educational leaders. The purpose of this theoretical debate is to examine the wider context of leadership and its effectiveness towards improving school management. This academic evaluation examines recent theoretical developments in the study of educational leadership in school management.

A Review of Leadership Theories, Principles and Styles and

Management and administration may seem the same, but there are differences between the two. Administration has to do with the setting up of objectives and crucial policies of every organization. What is understood by management, however, is the act or function of putting into practice the policies ...
