

inequality and the state pdf

What this report finds: Income inequality has risen in every state since the 1970s and in many states is up in the post-“Great Recession era. In 24 states, the top 1 percent captured at least half of all income growth between 2009 and 2013, and in 15 of those states, the top 1 percent captured all income growth.

Income inequality in the U.S. by state, metropolitan area

Economic inequality covers a wide variety of topics. It can refer to either income distribution, measuring the amount of money people are paid, or the distribution of wealth, which captures the amount of wealth people own. Inequality among nations is covered in international inequality and countries listed by income inequality. Besides measurements between countries or states, there are ...
