Politics (from Greek: *πολιτική*, translit. *Politiká*, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...

Political Power. We demand independent Black political power and Black self-determination in all areas of society. We envision a remaking of the current U.S. political system in order to create a real democracy where Black people and all marginalized people can effectively exercise full political power.

2012 December 1, "An internet of airborne things", in *The Economist*, volume 405, number 8813, page 3 (Technology Quarterly): A farmer could place an order for a new tractor part by text message and pay for it

by mobile money-transfer. A supplier many miles away would then take the part to the local matternet station for airborne dispatch via drone.
