An enemy or a foe is an individual or a group that is verified as forcefully adverse or threatening. The concept of an enemy has been observed to be "basic for both individuals and communities". The term "enemy" serves the social function of designating a particular entity as a threat, thereby invoking an intense emotional response to that entity. The state of being or having an enemy is ...

The incremental learning derives its name from the incremental nature of the learning process. In incremental learning, all facets of knowledge receive a regular treatment, and there is a regular inflow of new knowledge that builds upon the past knowledge.

SuperMemo: Incremental learning (SuperMemo 16)

Nuclear weapons have long played a central but often unappreciated role in American grand strategy. In spite of the unimaginable consequences of their use in war, we know far less about how the bomb shapes U.S. national security and world politics than weâ€¦
