Nigeria is a fragment abuse of this provision of the constitution. In addition, privatization of public enterprises is being pursued with scant regard to the laws of the country. For instance, attempts were made to privatize NEPA when the law that sets it up prohibits private ownership of electric company in Nigeria.

constitutions restricting borrowing, investment, loan guarantees and the like, did. As first half of the 19th century unfolded, almost all of the states of the north became committed to laissez-faire. This included opposition to state banks, as well as support of balanced budgets and of private enterprise in general.
