Third gender or third sex is a concept in which individuals are categorized, either by themselves or by society, as neither man nor woman. It is also a social category present in societies that recognize three or more genders. The term third is usually understood to mean "other"; some anthropologists and sociologists have described fourth, fifth, and "some" genders.

The legal term bestiality has three common pronunciations: [ˈbɛstɪˈæliːti] or [ˈbɪstɪˈæliːti] in the United States, and [ˈbɛstɪˈæliːti] in the United Kingdom. Some zoophiles and researchers draw a distinction between zoophilia and bestiality, using the former to describe the desire to form sexual relationships with animals, and the latter to describe the sex acts alone.
