Snow Load Safety Guide. RISK ANAGEMENT SERIES. Snow Loads. A snow event is not necessarily a single large snow storm. A snow event can be a series of storms that result in additional snow loads on a building. No two snow events are identical, and the resulting snow loads on nearby buildings from one snow event may be different.

Living Snow Fence 'Streamco' willow is an excellent choice for creating living snow fence due to its stem density. With Streamco, a single row snow fence will begin to trap snow in the second year, and become very effective in three to four years. Management Purpleosier willow used on streambanks may experience mechanical damage. The site should be
