Globalisation, Economic Policy, and Equity: The Case of

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. As a complex and multifaceted phenomenon, globalization is considered by some as a form of capitalist expansion which entails the integration of local and national economies into a global, unregulated market economy. ...

Globalization - Wikipedia

Economic globalization is one of the three main dimensions of globalization commonly found in academic literature, with the two others being political globalization and cultural globalization, as well as the general term of globalization. Economic globalization refers to the widespread international movement of goods, capital, services, technology and information.

The Impacts of Globalisation - OECD.org

Understanding Globalisation What is in this guide? This guide is meant to provide an understanding of globalisation. When people talk about ‘globalization’ they are usually referring to technological, political, and economic changes which they believe make the world function in a different way from the way it did twenty or thirty years ago.

Understanding Globalisation - ETU

CEPR organises a range of events; some oriented at the researcher community, others at the policy community, private sector and civil society:
