GLOBAL EMPLOYMENT TRENDS 2013

The United States Government proposed a sweeping review of existing trade deals when the current Administration took office in January 2017. This paper reviews the ongoing changes, and considers the potential impact of two strands of the trade policy debate on the United States labour market.

Trade policy and the United States labour market

The situation in the labour market also shows some critical aspects. Firstly, unemployment and underemployment remain at one of the highest levels in Argentinean history (between 7% and 8% each), although they are lower compared with the situation in the 1990s.

Challenges facing the Argentinean - Global Labour Column

The division of labour is the separation of tasks in any system so that participants may specialize. Individuals, organizations, and nations are endowed with or acquire specialized capabilities and either form combinations or trade to take advantage of the capabilities of others in addition to their own.

Division of labour - Wikipedia

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. As a complex and multifaceted phenomenon, globalization is considered by some as a form of capitalist expansion which entails the integration of local and national economies into a global, unregulated market economy. ...
