Science Journal of Applied Mathematics and Statistics (SJAMS) is a peer-reviewed journal on all areas of applied mathematics and statistics that intends to solve problems in engineering, sciences, and business through mathematical, computational and statistical methods. Topics of interest include, but are not limited to: applied mechanics, approximation theory, computational simulation ...

Science Journal of Applied Mathematics and Statistics

Traditional mathematics (sometimes classical math education) was the predominant method of mathematics education in the United States in the early-to-mid 20th century. This contrasts with non-traditional approaches to math education. Traditional mathematics education has been challenged by several reform movements over the last several decades, notably new math, a now largely abandoned and ...

International Journal of Theoretical and Applied Mathematics (IJTAM) is a peer-reviewed journal on all areas of theoretical and applied mathematics and methods to solve problems in engineering, natural sciences, and business through mathematical, computational and statistical methods. Topics of interest include, but are not limited to: pure mathematics, applied sciences, approximation theory ...

International Journal of Theoretical and Applied

In the second edition of this popular book, the authors added two chapters and converted all programming exercises to Python 3. Mathematics for the Digital Age and Programming in Python is written in the same engaging not-for-dummies style as the Litvins' earlier books, but it is aimed at younger students. It offers a unique blend of mathematics and programming, designed to give students in ...
