Rapport Leuchter â€” WikipÃ©dia

The supremacist ideology of the Bush Administration stands in opposition to the principles of an open society, which recognize that people have different views and that nobody is in possession of the ultimate truth. The supremacist ideology postulates that just because we are stronger than others, we know better and have right on our side.

Introduction. The German opposition and resistance movements consisted of disparate political and ideological strands, which represented different classes of German society and were seldom able to work together â€” indeed for much of the period there was little or no contact between the different strands of resistance.
