Understanding Title V of the Social Security Act

The social determinants of health are the economic and social conditions that influence individual and group differences in health status. They are the health promoting factors found in one's living and working conditions (such as the distribution of income, wealth, influence, and power), rather than individual risk factors (such as behavioral risk factors or genetics) that influence the risk ...

Memorandum of Understanding (MoU) between the Care Quality

Personal, Social, and Health Education (PSHE) has in various forms been part of the National Curriculum for schools in UK since 2000. Some aspects, but not all, have been compulsory. PSHE education is defined by the schools inspectorate Ofsted as a planned programme to help children and young people develop fully as individuals and as members of families and social and economic communities.
