Regional Overview of Food Insecurity Africa

The United States Department of Agriculture defines food insecurity as "limited or uncertain availability of nutritionally adequate and safe foods or limited or uncertain ability to acquire acceptable foods in socially acceptable ways." Food security is defined by the USDA as "access by all people at all times to enough food for an active, healthy life."

Water stewardship is among the most important strategic initiatives we have as a company. It is a critical resource for our business, at all points along our value chain "from the farms where we grow the fruits, vegetables and grains that make up our product portfolio, to our manufacturing processes where water is used to ensure we meet the highest quality food safety standard, and as one ...

Water Stewardship - PepsiCo - Official Website

A famine is a widespread scarcity of food, caused by several factors including war, inflation, crop failure, population imbalance, or government policies. This phenomenon is usually accompanied or followed by regional malnutrition, starvation, epidemic, and increased mortality. Every inhabited continent in the world has experienced a period of famine throughout history.
