

website analytics week 6 pdf

Web analytics is the measurement, collection, analysis and reporting of web data for purposes of understanding and optimizing web usage. However, Web analytics is not just a process for measuring web traffic but can be used as a tool for business and market research, and to assess and improve the effectiveness of a website. Web analytics applications can also help companies measure the results ...

Welcome to the Texas Board of Nursing Website

Do you know what is the most common question that I get every day on social media, forums or email? "How to get insights about my Google Analytics data?" People approach me saying that they have a Google Analytics account for years, but they look only at page views or the number of visitors they get.
