Renaissance humanism is the study of classical antiquity, at first in Italy and then spreading across Western Europe in the 14th, 15th, and 16th centuries. The term humanism is contemporary to that period, while Renaissance humanism is a retronym used to distinguish it from later humanist developments.. Renaissance humanism was a response to the utilitarian approach and what came to be ...

Observers experience affordance-specific biases in visual processing for objects within the hands' grasping space, but the mechanism that tunes visual cognition to facilitate action remains unknown. I investigated the hypothesis that altered vision near the hands is a result of experience-driven plasticity. Participants performed motion-detection and form-perception tasks while their hands ...
